## PRESIDENT'S NOTES

### In-person coffee planned Nov. 24; members suggest making donations toward renovation

November is Thanksgiving month, and we are thankful that this year, with vaccinations and booster shots, we are ready to meet in-person for our traditional “Wednesday-Coffee-Before Thanksgiving Thursday.” As we have in recent years, we will meet Nov. 24 for coffee at the Dillons Sixth Street and Wakarusa Drive.

We had a good Zoom turn-out for our Wednesday Coffee on Oct. 20 when Alumni Association President Heath Peterson briefed us on the progress of the Jayhawk Welcome Center and the Adams Alumni Center projects. Overall, it was a productive visit. We thanked Heath for meeting with us and for his patience in answering our questions.

In recognition of the significance and positive impact of the intertwined projects — not only to student recruitment, but also to current students, faculty, staff, and of course retirees — members suggested that the Endacott Society make individual donations.

Any amount you can give toward the renovation of the Adams Alumni Center will be greatly appreciated. Donations are tax-deductible and will be collected through June 30, 2022. Donations received by Dec. 31 will be deductible for 2021. Please make your checks payable to KU Endowment and send them to treasurer **Pam Houston**, 1807 N. 1150 Road, Lawrence, 66046.

Very Happy Thanksgiving, retirees! Enjoy the family gatherings! — Folabo, president

### Alumni Center renovation to begin early 2022

During the Oct. 20 coffee hour, Heath Peterson, KU Alumni Association president, said that renovation of the Adams Alumni Center will begin in early 2022. He expects the building to reopen next fall, when the adjoining Welcome Center plans to open.

The \$21-million Jayhawk Welcome Center is fully funded with private donations, and the \$8- to \$9-million renovation and technology upgrades for Adams Alumni Center, which opened originally in 1983, are well on their way to being fully funded. The renovation costs include \$5 million for technology upgrades and \$3 million for design upgrades.

The Welcome Center is on schedule to open in the Fall 2022 term. (See Page 8.)

The buildings are expected to provide a first-class experience for alumni and donors, prospective students and families, current students, faculty and staff, and retirees. The Welcome Center, which will house about 20 KU admissions staff, will be the starting point for campus visits by prospective students. The Alumni Center will manage the operation of both buildings. Alumni staff is training to use new management software for event operations as well as for safety and security.

Parking will be available in the Mississippi Street Parking Garage across from the Adams Alumni Center. Endacott members are being encouraged to purchase parking passes for that garage once the Alumni Center reopens.

Heath noted the combined projects will include such donor recognition opportunities as a website virtual donor wall, named spaces and signage in the alumni building, and a donor wall in the Welcome Center.

Endacott members may contact him about donor opportunities or with questions about the project by phone at 785-864-9777 or by email at [heathpeterson@kualumni.org](mailto:heathpeterson@kualumni.org).

## SEHP director to join Nov. 3 coffee hour to take questions about BCBSKS contract dispute with LMH

Janet Stanek, director of the State Employee Health Program, will join our Zoom coffee hour at 10 a.m. Nov. 3 to take our questions regarding the impact on KU retirees' health coverage if Lawrence Memorial Hospital is no longer a network provider with Blue Cross Blue Shield of Kansas.

She would prefer to have questions in advance. Please send your questions to **Mary Jane Dunlap**, [mjdunlap@ku.edu](mailto:mjdunlap@ku.edu), to coordinate for Stanek.

In an Oct 21 memo emailed to state employees and retirees, Stanek said retirees who have a Medicare Supplemental plan through BCBSKS would not be affected. (See memo in right-hand column.)

The memo was primarily directed to current employees and announced an extension of their enrollment deadline from Oct 31 to Nov. 5 due to the stalled negotiation process.

The Oct. 25 Lawrence Journal-World reported the deadline extension, noting the impact on retirees in final paragraphs of the story:

"In general, state and university employees are at risk [of being out of network for LMH], along with people who work for a private employer who uses BCBS of Kansas. Also at risk are people who have purchased a BCBS of Kansas Medicare Advantage Plan, which is a type of insurance plan that is essentially an enhanced version of the federal Medicare insurance program.

"A different type of Medicare customer, however, is not currently at risk of getting knocked out of network. LMH has said customers with a BCBS of Kansas supplemental Medicare plan — often known as a Medigap Plan — are not impacted by these contract negotiations. The Medigap plan is under a different contract with LMH Health."

Kansas Department of Administration  
Division of the State Employee Health Benefit Program

Oct. 21, 2021

Dear SEHP Members and Benefits Eligible Employees,  
Blue Cross and Blue Shield of Kansas (BCBSKS) is currently engaged in ongoing contract negotiations with Lawrence Memorial Hospital (LMH) to be included as a Network provider for 2022. Provider networks are developed by the vendor, in this case, BCBSKS. If an agreement cannot be reached, LMH would be a Non Network provider for BCBSKS members in 2022. As a Non Network provider, BCBSKS members would receive the Non Network benefit level for services and have higher Out of Pocket costs for non-emergency services received at LMH.

State Employee Health Plan staff are in contact with BCBSKS about this situation. BCBSKS sent out a communication regarding the contract negotiation with LMH to current members. While we are hopeful this matter will be rectified, it is unlikely this will happen before the 2022 Open Enrollment period ends.

To ensure SEHP members have an adequate opportunity to select a health plan they are confident in, Open Enrollment for Active Employees and COBRA members will be extended through Friday, November 5th. Current Direct Bill members will have until November 15th to make their 2022 elections. Members with a Medicare Supplement plan through BCBSKS will not be impacted by the contract issue.

As a reminder, the SEHP is contracted with both Blue Cross and Blue Shield of Kansas and Aetna to administer the health plans. Both plan networks are available for your review on the SEHP website <https://healthbenefitsprogram.ks.gov/sehp>

We will keep you updated as we learn more about the status of the contract between Blue Cross and Blue Shield of Kansas and Lawrence Memorial Hospital.

Should you have any questions regarding the contract negotiation, you may reach Lawrence Memorial Hospital at 785-505-5000 and Blue Cross and Blue Shield of Kansas at 1-800-332-0307.

Thank you,

Janet Stanek, SEHP Director

## New Public Affairs Forum chairs begin with homelessness panel

The Public Affairs Forum resumes at 1:30 p.m. Nov. 11 with a panel discussion on homelessness led by new chairs **Allan and Louise Hanson** (see Page 7 for details).

Lawrence has been the Hansons' home base since 1966 when Allan joined the anthropology department. He retired in 2016. His academic focus included Polynesian ethnography, anthropological theory, and

technology in contemporary society. Louise worked as a librarian at Baker University, Lawrence Public Library, and the KU School of Law.

The Hansons have enjoyed research trips in England, France, Denmark, Italy, and New Zealand. Locally, they have been active in many organizations including the Hall Center for the Humanities, KU Friends of the Theatre, Lawrence Community Orchestra, Theatre Lawrence, Justice Matters, and the Lawrence Coalition for Peace and Justice. They have three children and "a raucous crowd of 10 grandchildren."

James Fox's *I Know What I Saw*

The most credible UFO witnesses from around the world tell stories that challenge reality in *I Know What I Saw*, a documentary guaranteed to change the way we see the universe. Director James Fox brings together the testimony of U.S. Air Force generals, astronauts, military and commercial pilots, and FAA and other government officials from seven countries. Their accounts reveal the reasons those involved at the highest levels have chosen government secrecy over public disclosure. (2009. 1 hour 30 minutes)

If Freud had written Shakespeare's *The Tempest*, the result would be *Forbidden Planet*, in which a starship crew in the 23rd century investigates a distant planet's colony, only to find just two survivors, a powerful robot, and the deadly secret of a lost civilization. It features Walter Pidgeon as the Prospero-like magician, and Anne Francis as his daughter, with interlopers Leslie Nielsen, Jack Kelly, and Earl Holliman. This is the granddaddy of all science-fiction movies. (1956. cc, 1 hour 38 minutes)

Play: Eugene O'Neill's *A Moon for the Misbegotten*

O'Neill (1888-1953) — recipient of four Pulitzer Prizes and the Nobel Prize in Literature — is often regarded as the greatest playwright in the history of American drama. *A Moon for the Misbegotten* (1947) is the sequel to his posthumously published *Long Day's Journey Into Night* and was the last of his more than 50 plays to be produced in his lifetime. Both plays reflect O'Neill's tormented past, written with a "faithful realism" reminiscent of Ibsen, Chekhov, and Strindberg.

*The Little Prince*

We will discuss Antoine de Saint-Exupéry's modern classic *The Little Prince*. Written in French and translated into 300 languages since its 1943 publication, this short novel has charmed generations of adults and children around the world. It's the story of a boy who lives alone on a tiny planet and comes to Earth asking an aviator whose plane has crashed in the North African desert to draw him a sheep. It's also a story with a moral about what's important in life and what isn't. The illustrations by Saint-Exupéry are an essential part of the story. The American English-language paperback edition of this novel, translated by Katherine Woods, has been published by Harcourt Brace & Co. for 50 years and is readily and cheaply available.
